<p>• Potential for Expressive Behaviour: verbalizing her desire to EXIT SEEK and episodes of agitation - screaming that Americans are taking away her belongings and her medical files were stolen. Inappropriate behavior (hoarding) Revision on: 01/21/2023 Revision by: Rachel Wang (RPN)</p>		<p>Revision by: Irina Foursova (RPN)</p> <p>• SPECIAL CONSIDERATIONS: Ms. Margaret's sister indicated that resident lived in All another home prior to moving to Hawthorne. Resident's clothings were mistakenly brought in and got mixed up to another resident's belongings who had the same name as the resident's. Sister also indicated that resident's old medical file/records were somewhat mistaken to be of another resident's namesake, and this happened at least 10-15 years ago. These incidents comes back to resident's memory and triggers the behavior.</p> <p>>If behavior occurs, Ms. Margaret needs to be constantly reminded in a calm and gentle manner that this happened years ago and reassure her that it is unlikely to happen again. Reiterate that she is the only Margaret Ford that lives at Hawthorne and show to her that all her belongings are in her room.</p> <p>>If resident insist that her medical records are missing/stolen, let the resident know that her chart is kept safely in the nurse's station. If needed, it is advised to show the resident her physical/actual chart.</p> <p>> Programs Staff to provide an iPad to the resident to keep resident occupied. Resident stated she likes listening to music, specified that rock and roll music is what she enjoys most.</p> <p>Staff to check the drawers and the closet and clean them every shift.</p> <p>Revision on: 01/04/2023 Revision by: Maristella Savarimuthu (RN)</p>
